CLASS DESCRIPTIONS (Continued)

Neck & Low Back: This class will focus on postures, remedial and classic, to prevent and to help heal neck and low back injuries. The 12 week series is progressive. New material is presented each week.

Restorative & Pranayama: This class begins with restorative/recuperative postures targeting a specific area of the body with a specific meditative focus. Then a guided, complete savanna (corpse pose) practice prepares the nervous system for pranayama (breathing) practice. The final 45 minutes of the class is dedicated to lying and seated pranayama practices.

Backbends & Twists: Join Christina for a series of supported and active backbends and twisting postures. She tailors the class to support and challenge students at all levels of ability.

Supported Asana: Use props including blocks, chairs, blankets, belts (and your home furniture!) to support your unique body and to gain maximum benefits from the poses. Props allow deeper and longer holds of poses to correct misalignments, to build strength and to develop the breath. Excellent for beginners, those fearful of starting yoga and those with stiffness in the body.

Yoga for 50+: This class is appropriate for beginning and continuing students who may need additional time and support to move into and out of postures. It is geared to those with less flexibility.

Yoga Therapy: The yoga therapy class may become an online chat/support group for a few weeks. Contact Sara at 412-401-2162 to discuss ideas/options.

CLASS DESCRIPTIONS

Unless noted with a prerequisite, all classes are appropriate for beginners. If uncertain about class placement, simply come to a class! After working with you in the class and discussing your goals, the teacher can best advise you regarding class placement.

LEVEL CLASSES

These "level" classes progress according to syllabi which all of our teachers follow. It is suggested that you attend the full quarter in sequence to benefit fully, however this is only a requirement in your first series of level 1. Each level introduces a new group of postures that is not necessarily more difficult but does build upon the skills taught at the lower level. Higher levels are more detailed or more subtle and require more attention to detail.

Level 1: Introductory class for students new to yoga or new to the Iyengar method. Introduces standing postures, standing forward bends, twists, and shoulder balance.

Level 1 / Restorative: In addition to one hour of level one standing pose work this class will introduce breathing/pranayama and supported, restorative postures designed for deep rest and healing. For students of all levels, including beginners.

Level 1-2: This class is a mixed-level class for continuing Level 1 students. It is not necessary to attend level 1-2 classes before moving to level 2. *Prerequisite: Full quarter (12 weeks) Level 1.*

Level 2: This class introduces more complex standing postures, headstand, backbends and inversions. *Prerequisite: 6-9 months Level 1 or equivalent Iyengar method experience.*

Level 2-3: This class introduces more complex inversion variations, arm balances, padmasana and deeper backbending. *Prerequisite: 6-9 months of Level 2 or equivalent Iyengar method experience.*
