CLASS DESCRIPTIONS

Unless noted with a prerequisite, all classes are appropriate for beginners. If uncertain about class placement, simply come to a class! After working with you in the class and discussing your goals, the teacher can best advise you regarding class placement.

LEVEL CLASSES

These "level" classes progress according to syllabi which all of our teachers follow. It is suggested that you attend the full quarter in sequence to benefit fully, however this is only a requirement in your first series of level 1. Each level introduces a new group of postures that is not necessarily more difficult but does build upon the skills taught at the lower level. Higher levels are more detailed or more subtle and require more attention to detail.

Level 1: Introductory class for students new to yoga or new to the Iyengar method. Introduces standing postures, standing forward bends, twists, and shoulder balance.

Level 1 / Restorative: In addition to one hour of level one standing pose work this class will introduce breathing/pranayama and supported, restorative postures designed for deep rest and healing. For students of all levels, including beginners.

Level 1-2: This class is a mixed-level class for continuing Level 1 students. It is not necessary to attend level 1-2 classes before moving to level 2. *Prerequisite: Full quarter (12 weeks) Level 1.*

Level 2: This class introduces more complex standing postures, headstand, backbends and inversions. *Prerequisite: 6-9 months Level 1 or equivalent Iyengar method experience.*

Level 2-3: This class introduces more complex inversion variations, arm balances, padmasana and deeper backbending. *Prerequisite: 6-9 months of Level 2 or equivalent Iyengar method experience.*

CLASS DESCRIPTIONS (Continued)

Guided Practice Get up and get moving! Join Maureen for this Saturday morning practice to set your weekend on the right track. Each week Maureen will guide you through a different series of poses woven around a central theme. Appropriate for all ability levels (although some previous experience with Iyengar yoga is ideal.) Special requests can be made at class time for upcoming weeks' content.

Inversions 101: Join Sara for a 12-week look at Salamba Sarvangasana and Salamba Sirsasana (Shoulder Balance and Headbalance). Appropriate for all levels as alternatives will be given. Sara will explore all preparatory and all classic variations of shoulder balance and headstand.

Open Practice: Join Sara each morning at 7am for this 12-week, summer practice challenge. There is no fee/charge for this practice - just sharing time. You will see Sara practicing - and you may have your video on (or off) so she may (or may not) see you - but there will be no instruction. You are to do your own practice - not necessarily the practice Sara is doing. But she is suggesting a theme for each day for the first hour, followed by 10 minutes of inversions and 20 minutes of pranayama or restorative postures.

Supported Asana: Use props including blocks, chairs, blankets, belts (and your home furniture!) to support your unique body and to gain maximum benefits from the poses. Props allow deeper and longer holds of poses to correct misalignments, to build strength and to develop the breath. Excellent for beginners, those fearful of starting yoga and those with stiffness in the body.

Yoga For Summer: Each 1.5 hour class is divided into thirds The first third includes active postures. The second third balances the nervous system with deeply restorative postures. The final third is pranayama (breathing) practice.

Yoga for 50+: This class is appropriate for beginning and continuing students who may need additional time and support to move into and out of postures. It is geared to those with less flexibility.
