## CLASS DESCRIPTIONS (Continued)

**Learning Backbends:** Join Sara for 12 weeks of comprehensive backbend instruction. We'll begin with baby backbends and advance to more challenging asanas while learning the actions that apply to all backbending postures.

**Open Practice:** Join Sara at 7am for daily practice. There is no fee. You may have your video on or off, and there will generally be no instruction. Either do your own practice or follow along with Sara. We practice the day's category of asanas for the first hour, followed by 20 minutes of inversions and 10 minutes of savasana or pranayama. Join the club! We are having fun supporting one another.

**Rope Wall/ Supported Asana:** Christina will introduce simple then more challenging work on the rope wall. The style will be similar to supported asana classes, and class will include work away from the wall.

**Supported Asana:** Use props including blocks, chairs, blankets, belts (and your home furniture!) to support your unique body and to gain maximum benefits from the poses. Props allow deeper and longer holds of poses to correct misalignments, to build strength and to develop the breath. Excellent for beginners, those fearful of starting yoga and those with stiffness in the body.

**Yoga for 50+:** This class is appropriate for beginning and continuing students who may need additional time and support to move into and out of postures. It is geared to those with less flexibility.

## CLASS DESCRIPTIONS

**Unless noted with a prerequisite, all classes are appropriate for beginners.** If uncertain about class placement, simply come to a class! After working with you in the class and discussing your goals, the teacher can best advise you regarding class placement.

### LEVEL CLASSES

These "level" classes progress according to syllabi which all of our teachers follow. It is suggested that you attend the full quarter in sequence to benefit fully, however this is only a requirement in your first series of level 1. Each level introduces a new group of postures that is not necessarily more difficult but does build upon the skills taught at the lower level. Higher levels are more detailed or more subtle and require more attention to detail.

**Level 1:** Introductory class for students new to yoga or new to the Iyengar method. Introduces standing postures, standing forward bends, twists, and shoulder balance.

**Level 1 / Restorative:** In addition to one hour of level one standing pose work this class will introduce breathing/pranayama and supported, restorative postures designed for deep rest and healing. For students of all levels, including beginners.

**Level 1-2:** This class is a mixed-level class for continuing Level 1 students. It is not necessary to attend level 1-2 classes before moving to level 2. *Prerequisite: Full quarter (12 weeks) Level 1.*

**Level 2:** This class introduces more complex standing postures, headstand, backbends and inversions. *Prerequisite: 6-9 months Level 1 or equivalent Iyengar method experience.*

**Level 2-3:** This class introduces more complex inversion variations, arm balances, padmasana and deeper backbending. *Prerequisite: 6-9 months of Level 2 or equivalent Iyengar method experience.*
